Description

The Turnstay system, moved to the wall.

The **Woomera Pegboard** gives the space above the desk a purpose — a structured mounting surface for cups, pockets, holders, notes, references and the things that need to stay visible without cluttering the work surface.

The integrated slot pattern accepts Turnstay accessories at any point along the panel, so positions can shift as working patterns evolve. No tools. No ugly utility board. Just a flexible organisational surface that adapts to the way the space is used.

Made from 100% recyclable PET, Red List Free and Low VOC, the panel brings the same considered material language as the wider Woomera system. It provides acoustic benefit by helping soften the hard surfaces around it.

More purpose for your walls. Less stuff on your desk.
