Description

Some people don't have a permanent desk. They have a system.

The **Woomera Rolling Valet 3 Shelf** is for the power user — a three-shelf mobile storage unit for people who carry more and need a place for all of it. Because containing the chaos is not the same as organising it.

With three levels, there is room for daily essentials, occasional gear and personal effects, giving everything its place without taking over the floor. The upper shelf holds a Woomera Toolbox or Storage Box, while the lower shelves take books, bags and the things that tend to follow you around.

Lockable casters keep it stable when parked, while the compact footprint lets it roll under the desk and move easily between workstations as the day changes.

Designed for activity-based and flexible workplaces, it brings personal storage with you without disrupting the floor plan.

More shelves. More storage. More ways to keep your day together.
