Description

A clear desk is not an empty desk. It is a desk where everything has somewhere to go.

The **Woomera Shallow Drawer** adds a considered layer of storage directly at the work surface, keeping stationery, cables and everyday essentials close without taking up legroom or the bulk of a full under-desk system.

The shallow profile is intentional. Enough room to keep the daily essentials, without turning the space beneath your desk into a storage unit.

Integrated front and rear stops keep the drawer secure in daily use, while the internal PET sling helps keep contents stable and stops it becoming a rattling chaos zone. Because a desk drawer should make life easier, not noisier.

Made from 100% recyclable PET, its tactile finish brings a considered material detail to the desk, far removed from the usual plastic alternative.

A desk drawer for the daily essentials, that doesn't feel like an afterthought.

How to Specify

1. PET Colour
2. Qty

Composition

Density 0.25lb/ft² 1.2kg/m²

Sustainability

func. PET panels are made from 100% recyclable materials.

- 60% post-consumer recycled PET bottles.
