Description

The lightweight design makes it easy to mount onto existing walls with four simple Z clips. It means you can turn a boring old wall into a func.y feature wall with a bucket load of function.

It shares the same lightweight frame as the mobile walls, to increase mounting locations, while superior noise reduction is achieved when the sustainable, sound absorbing PET converts sound energy into heat. Adding wall accessories is the perfect way to personalize and add storage to an existing room.

It adds form and function to existing spaces that may not need a mobile wall.

func., Cooee Walls are easily cleaned with bleach and water.
