- ✓ Easy Clean
- ✓ Easy Install

Description	<p>Offers a quiet, considered space for solo focus or moments of respite within shared environments. With its enclosed form and acoustic PET cladding, it softens sound and visual distractions, creating a calming pocket within busy work, learning, or public settings.</p> <p>Unlike the Collaboration Booth, the Retreat Booth features an open interior, giving users the freedom to define the space as they need, whether as a personal recharge zone, a reading nook, or a place to take a private call.</p> <p>The distinctive louver canopy frames the booth from above, providing spatial definition while allowing light and airflow to permeate. Its presence brings architectural form and a sense of shelter without enclosing too tightly.</p> <p>Constructed with an ultra-lightweight core and framed in a proprietary powder-coated aluminium extrusion, the Retreat Booth maintains design consistency with the broader Cooee Spaces collection. Acoustic PET panels can be specified in a wide range of colours, with matching powder coat options for the frame and feet.</p> <p>Finished with the Cooee signature Tool Rail, the booth can be accessorised with hooks, trays, or whiteboards, ensuring flexibility even in a minimal footprint. Designed with wellbeing, privacy, and performance in mind, the Retreat Booth is a refined solution for quiet within the collective.</p>
